Diagram 150 illustrates a stack of Target Data Files. The stack is represented by four overlapping rectangular boxes, each labeled "Target Data File". Arrows point from labels 152a, 152b, 152c, 152d, and 152e to the top edges of the files. Label 152a points to the top edge of the bottom-most file. Label 152b points to the top edge of the second file from the bottom. Label 152c points to the top edge of the third file from the bottom. Label 152d points to the top edge of the top-most file. Label 152e points to the top edge of the top-most file. The bottom-most file contains the text "Safe Point", "Changes to Source Data Files", and "Changes to Source Data Files".
